essay - book

[Graphic Novel. Comics explained to my father](#)

The main goal of this essay is to find the definition of the term graphic novel, and the history of this narrative comic genre.

144 pages, NPE éditions, 2014

Nicola Andreani (1984) is an illustrator, comic artist and comic writer. He worked with comic artists as Manuele Fior, Alessandro Tota and Sualzo. In 2014 he published a book about comics and graphic novel: *Graphic Novel. Il fumetto spiegato a mio padre*, NPE, 2014 [en: *Graphic Novel. Comic explained to my father*] and in the same period got his PhD in Comics at La Sorbonne University in Paris (France). Since 2013 he teaches Comics in Italy and in France and makes illustrations for press, magazines and publishing agencies. Since 2020 he's a member of the Executive Committee of Associazione Umbria Fumetto, in charge of the management of Biblioteca delle Nuvole, the comics library of Perugia.
